

Coaster

Coaster is a small, flat object used to protect a surface from heat, moisture, or scratches. Coasters are commonly used under cups and mugs. Coasters can be made of various materials, including wood, cork, plastic, and metal. Coasters can also be decorated with designs, patterns, or text. Coasters are a popular item for home decor and are often used as gifts. Coasters are also used in commercial settings, such as restaurants and hotels, to protect tables and add a touch of personalization to the atmosphere.

Coaster is a small, flat object used to protect a surface from heat, moisture, or scratches. Coasters are commonly used under cups and mugs. Coasters can be made of various materials, including wood, cork, plastic, and metal. Coasters can also be decorated with designs, patterns, or text. Coasters are a popular item for home decor and are often used as gifts. Coasters are also used in commercial settings, such as restaurants and hotels, to protect tables and add a touch of personalization to the atmosphere.

Coaster

Cup coasters help protect tables from being scratched. Cup coasters also add a small touch of personalization to the atmosphere of a food establishment
