Peel the backing paper off the loop tape.

Attach to the location where the wires need to be placed, and press the tape to stick firmly.

Open the cable cover by tearing off one of the hook side and put the wires inside.

After arranging the wires neatly, close the covers by attaching hook to loop.

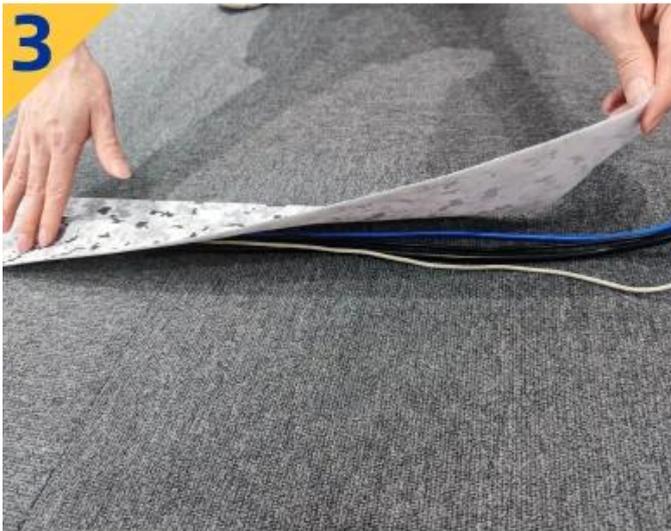

# Carpet type

1  
The version for carpet do not need the adhesive loop tape.

2  
The carpet version is for carpet floor, it is more simple.

3  
After arranging the wires neatly, close the covers by attaching hook to carpet.

4  
Just need to attach one hook side to carpet and grip well, then put the wire in.
