Lunghezza	1-50 m, personalizzazione
Larghezza	50-250 mm, personalizzazione
Materiale	Nylon poliestere, personalizzato
Confezione	Polisacco

La copertura del pavimento dei cavi rappresenta un modo semplice e ordinato per mantenere i cavi in posizione e ridurre al minimo il rischio che i cavi diventino un pericolo di inciampo o di folgorazione. La protezione del cavo del pavimento può essere tagliata a forbice per soddisfare le tue esigenze, aperta e chiusa ripetutamente senza lasciare residui di adesivo, facile da rimuovere e pulire, riutilizzabile più volte. È adatto per tappeti a circuito chiuso e da ufficio, funziona bene sui pavimenti sotto le scrivanie o attorno ai perimetri del pavimento.

SECOND GENERATION

FLOOR CABLE COVER

Wires management orderly tidy and not messy

Strong adhesion

**Can be cut freely**

Wear-resistant and durable

Do you feel upset seeing the messy wires?
