PRODUCT DESCRIPTION

v

We used the

real PTEF material

without doping other fillers to give full play to the low friction characteristics of the PTEF raw material, so as to really help slippery.

We have more than

60 sets of molds

to cater to the needs of different furniture, and we can customize products of different specifications according to customer requirements

We use a slider pad in round 25mm,it's easy to lift a batch of **1.25L** of water due to its viscosity.

Professional arc design, effectively sliding smaller potholes
