The cable floor cover is a neat and easy way to keep cables in place, and to minimize the risk of cables becoming a trip or electrocution hazard. The floor cable protector can be scissored to meet your needs, open and close repeatedly without leaving adhesive residue, easy to remove and clean, reusable for many times. It is suitable for closed loop and office carpet, works well on floors under desks, or around floor perimeters. As [China Cable Floor Cover Supplier](#), our vision is that good product quality can bring good experience to customers.
