The rubber wall guard pad's compact size allows it to be extremely versatile and fit anywhere a pressure gate will go. The wall protection Guard pads designed to protect your walls, doors and stairways when baby or pet gates are mounted. The wall Cups for baby gate spread the pressure from the baby gate over a much larger surface area . The rubber grip wall Cups pads stick to the walls to keep the gate from sliding. So that you can tighten the bolts more and making the gates safer without creating holes or leaving marks on the wall. It is small enough to fit with almost all walkthrough retractable gates supported areas such as doorways, small awkward spaces, and other small areas. As China pressure wall guard pad supplier, our vision is that good product quality can bring good experience to customers.
